

Dear Valued Clients,

Pleased to announce that flydubai will be operating special repatriation flights to Kathmandu (for Nepalese nationals) from 22nd September to 30th September.

Please ensure that the below guidelines are followed for passengers travelling to Kathmandu.

- PCR negative certificate of test conducted within 72 hours of departure is required for all the passengers. A printed copy of the certificate should be provided at the time of check in.
- All the passengers must fill up the online form which is available on ccmc.gov.np website and compulsory bring the printed copy with the barcode.
- This information will be checked at the airport before boarding any passenger. Passengers will be offloaded and no refund will be provided if these documents are not provided.

As flights sale is available offline, the booking can be done by sending email to olga.perevalova@flydubai.com (your account manager) with following details mentioned below. Please note that the PNR will be created as per your request and tagged to your TA portal IATA only for further payment. Negative PCR result will need to be shared with us latest 24 hrs prior to departure.
