Dubai's geography and climate are ideal for ballooning - they provide a unique situation where passengers can experience the desert as only a few have seen it - from a gently floating hot air balloon. Feel the cool dawn air as you float only a few meters above the red dunes, then be awestruck as the mesmerizing landscape unfolds below you. View the giant dunes, the moon-like landscape of the rugged Hajj mountains to the east, and the "21st century" skyline

of Dubai to the west as you rise high into the immense blue of the desert sky. Whether you are on holiday in Dubai or a local, the views on offer from our hot air balloon rides will take you to new levels of appreciation and awe of the desert and its unique landscape.

SKI DUBAI

Price from USD 41

Snow Park

The world's largest Snow Park is nowhere else but at Ski Dubai. Lying on 3000 square meters of snow, the park is a one of a kind attraction that leaves you breathless.

At the Snow Park you won't meet boredom; go crazy in the tobogganing hills, or in a twin track bobsled ride. Also, a snowball throwing gallery and a snow cavern filled with interactive experiences and amazing sights and sounds await you for an unforgettable journey. A large observation tower offers a perfect view of the Ski Dubai main slope. Parents can engage in recreation with their children while building a snowman and playing on the hills. To complete this magical setting, regular snowfalls will surprise you and will add more excitement to this fun-filled snow experience.

Ski Dubai Slopes

Ski Dubai offers exceptional snow quality with 22,500m² covered with real snow all year round – (equivalent to 3 football fields). The temperature is normally maintained at a comfortable -1° to -2° Celsius.

The slope itself is built like an upside-down 'L,' and is 400m long from one end to the other with a width range of 80m. The entire slope is covered with at least three feet of snow, generated by patented snowmakers that mimic the natural precipitation process to deliver real, high-quality snowflakes to the slope and surrounding chilled areas. The left-hand side of the slope is a mainly straight run designed for professionals.

Ski Passes

Access to the slopes is only provided for guests who meet the minimum skills requirements; otherwise they will need to take lessons. At minimum, the guest is assumed to be capable of taking the chairlift on his own, making turns and being able to stop.

Skiing and Snowboarding Lessons

Enrolling in a class is the quickest and safest way to learn to ski or snowboard. Being together with other people of the same ability is a crucial confidence-builder: you are no longer the worst on the slope, only one of the worst :)

Ski Dubai lessons are offered on a private slope for beginner and level 1 lesson to allow learners to develop effective skills in a controlled environment where safety is a priority. Intermediate skiers and snowboarders are instructed on blue and red groomed runs, reached via flying carpets lifts and the Nokia Express chairlift. For those with more experience or at expert level, more challenging areas are available such as the Snickers Freestyle zone, temporary race runs and the world's first indoor run.
